Linguistic anthropology

Duranti, Alessandro

Deskripsi Lengkap: <http://lib.uhamka.ac.id/detail.jsp?id=42467&lokasi=lokal>

Abstrak

Alessandro Duranti introduces linguistic anthropology as an interdisciplinary field that studies language as a cultural resource and speaking as a cultural practice. The theories and methods of linguistic anthropology are introduced through a discussion of linguistic diversity, grammar in use, the role of speaking in social interaction, the organization and meaning of conversational structures, and the notion of participation as a unit of analysis. Linguistic Anthropology will appeal to undergraduate and graduate students.
